Bachelor of Engineering in Computer   **May- 2024**
Rajiv Gandhi College of Engineering   *Karjule Haryana, Maharashtra*

Diploma In Computer Technology   **2021**
PDVVP institute of technology & Engineering (Polytechnic)   *Loni, Maharashtra*

HSC   **2018**
Kai. Sant Haribhau Anandrao Ghadge Patil College   *Telkudgaon, Maharashtra*

SSC   **2016**
Ahilyabai Holkar Madhya & uccha madhyamik Vidyalay   *Dedgaon, Maharashtra*

Technical Skills

Programming Languages: Java, JavaScript
Web Technologies: HTML, CSS, Bootstrap, JavaScript, React.js
Developer Tools: VS Code, IntelliJ IDEA, Eclipse, Sublime Text
Technologies/Frameworks: React.js, Spring Boot, Bootstrap, Tailwind CSS
Database Management: MySQL, H2 Database, NoSQL
Version Control and Deployment: Git, GitHub, Vercel, Netlify
Other Skills: Responsive Design, Cross-Browser Compatibility, User Experience Optimization

Experience

A2Z IT HUB PVT LTD   **May 2024 – Present**
Intern - Full Stack Web Developer   *Ahmednagar, Maharashtra*

- Designed and developed responsive websites to improve user engagement and seamless navigation across devices.
- Optimized web interfaces, resulting in improved retention rates and enhanced user interaction.
- Applied modern design principles and best practices to create visually appealing and accessible layouts.
- Utilized HTML, CSS, Bootstrap, and JavaScript to build responsive designs and deployed them efficiently using Vercel.
- Improved deployment processes and ensured smooth cross-browser compatibility for all projects.
- Demonstrated problem-solving skills to address technical challenges, ensuring the delivery of high-quality solutions.

Projects

Satalkar Hospital
HTML, CSS, Bootstrap, JavaScript

- Designed a healthcare platform with a modern and user-friendly interface, ensuring accessibility across devices.
- Highlighted key services and resources with a structured layout, improving user navigation and engagement.
- Applied consistent branding and aesthetics to create a professional and trust-inspiring web presence.
- Incorporated responsive design principles to enhance mobile and desktop usability.
- View Site

Swasth Hospital

HTML, CSS, Bootstrap, JavaScript, React.js

- Delivered a responsive website for a medical facility, focusing on intuitive navigation and patient-centric design.
- Enhanced visual appeal with interactive elements, ensuring a seamless user experience.
- Optimized performance for faster loading times and smooth cross-browser compatibility.
- Developed a layout that prioritizes key information, improving accessibility for patients.
- View Site

Gokhale Constructions

HTML, CSS, Bootstrap, JavaScript

- Developed a responsive website showcasing construction services, optimized for multiple devices.
- Focused on clean and professional UI/UX design to reflect the brand's identity.
- Implemented interactive features, including navigation menus and responsive image layouts, enhancing user engagement.
- Designed a scalable layout to accommodate future content additions seamlessly.
